PROFESSIONAL SUMMARY

Motivated and detail-oriented Information Technology graduate with 6 months of experience at Thought Valley, seeking an entry-level position to apply my technical skills in software development. Eager to contribute to innovative projects, including solutions such as sign language recognition systems, while continuously learning and growing in a dynamic and challenging environment.

TECHNICAL SKILLS

- **Programming**: Python
- **Web Technologies**: HTML, CSS, JavaScript
- **Frameworks & Tools**: Flask
- NLP Libraries: Stanza, NLTK, Stanford Parser
- **Tools Used**: Workday, Matex 2.0
- **Other**: Google Translator API, Tailwind CSS

PROFESSIONAL EXPERIENCE

Thought Valley Technology Solutions — Team Leader (Operations Support)

Chennai| **Jul 2025 – Dec 2025**

- Led a team handling Background Verification (BGV) operations with high accuracy and efficiency
- Managed end-to-end candidate verification workflows using Matex 2.0 portal
- Worked extensively on Workday tool for employee data validation and tracking
- Monitored TAT (Turnaround Time) and ensured timely delivery of verification reports
- Assigned tasks, tracked team performance, and maintained quality standards
- Coordinated with internal teams to resolve discrepancies and system issues

Project

Sign Language Recognition System for Deaf and Mute

- Developed a web-based system to convert text and voice input into Indian Sign Language (ISL)
- Implemented using Python (Flask), NLP techniques, and Stanford Parser
- Used Stanza and NLTK for text processing, tokenization, and lemmatization

- Integrated Google Translator API to support Tamil-to-English conversion
- Built frontend using HTML, Tailwind CSS, and JavaScript
- Implemented speech recognition feature for voice input
- Generated ISL animations using SiGML files and avatar-based rendering

ACHIEVEMENTS

- Awarded Best Interactive Project at the Project Expo, Mother Teresa Institute of Engineering and Technology, for developing an innovative Sign Language Recognition System for deaf and mute individuals.
- Secured 2nd Prize in Project Presentation at PMC College.
- Achieved Second Place in the Engineers Day 2023 Video Presentation competition at P.S.V. College of Engineering and Technology (September 2023).
- Received ₹10,000 cash prize under a State Government Initiative – Naan Mudhalvan Scheme for developing the "Sign Language Recognition System for Deaf and Mute Individuals".

EDUCATION

B. Tech – Information Technology
P.S.V College of Engineering and Technology | **2025**
CGPA: 8.08

HSC – Higher Secondary
Hindu Higher Secondary School | **2021**
Percentage: 73%

SSLC – Secondary School
Hindu Higher Secondary School | **2019**
Percentage: 66%

CERTIFICATIONS & ADDITIONAL SKILLS

- Participated in Project Expo and Paper Presentation at the National Level Symposium Xplosion 2K24, held at Sri Ramakrishna Institute of Technology, Coimbatore (February 2024).
- Participated in Hackathon HackFest 2K23 at Sengunthar Engineering College, Erode (September 2023).
- Active participant in Poster Making under the Research & Collaborative Cell.
